A Revolutionary Bioscience Defence Against Hair Loss

EXO-GROW™ is for men and women who want to:

- ✓ Optimise Hair & Scalp Condition
- ✓ Reduce Hair Fall
- ✓ Boost Hair Density & Thickness
- ✓ Protect Against Scalp Irritation
- ✓ Nourish Scalp & Follicles
- ✓ Enjoy Thicker, Fuller Brows & Lashes
- ✓ Enhance Strength, Shine & Volume

Based on proven **K-Beauty Bioscience**, our clinically proven functional hair care range contains patented hair-boosting active ingredients with no toxic chemicals for strong, shiny and voluminous hair.

KEY PERFORMANCE INGREDIENTS IN THE EXO-GROW™ COLLECTION

CERAMIDE COMPLEXA

Helps restore the natural lipids in your hair's outer layer, keeping the cuticle smooth, hydrated, and protected. This improves softness and shine while reducing frizz, breakage, and heat damage, making it especially helpful for coloured, bleached, or chemically treated hair.

COMPLEXA OF 17 AMINO ACIDS

The 17 Amino Acids Complex helps restore essential nutrients lost through styling, colouring, or environmental damage. It strengthens hair, improves condition and elasticity, and helps maintain volume and resilience for healthier-looking hair.

SOPHORA JAPONICA

Also known as Japanese Pagoda Tree, helps support a healthy scalp and reduce hair loss. Its extract nourishes hair roots, soothes itchy or damaged scalps, and promotes thicker, well-conditioned hair. By helping to regulate hormones linked to hair thinning, it can improve the appearance of hair loss over time.

HASUO (POLYGONUM MULTIFLORUM)

Also known as Fo-Ti, this extract nourishes and hydrates the scalp and hair, helping reduce hair fall, support growth, improve thickness, and maintain natural colour while delaying grey hair.

EDELWEISS EXTRACT

Grown organically in the high Alps, supports healthy hair follicles and shafts for stronger, longer hair. It provides antioxidant protection, helps maintain the scalp's natural barrier, and may reduce sensitivity while supporting natural hair colour and helping to slow the appearance of grey hair.

EXO-GROW
COMPLEXA

BIO SCIENCE &
RESULT ORIENTED

CLINICALLY PROVEN RESULTS

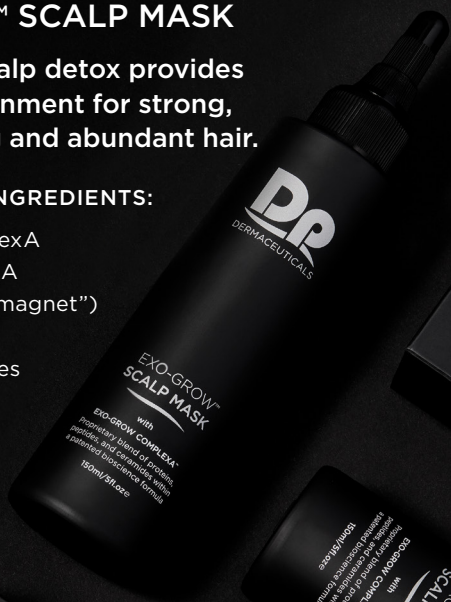

- ✓ Removes harmful dead skin cells and excess oil
- ✓ Scalp and hair feel stronger, cleaner and more elastic
- ✓ Potent cocktail of scalp-soothing and hair-boosting ingredients
- ✓ Boosts absorption of key ingredients
- ✓ Helps scalp and hair retain moisture
